BIOGRAPHY

- Professional Engineer licensed in New York, Maine, and Pennsylvania; Level III NICET Highway Construction; OSHA Safety Training; Traffic Control Supervisor
- 31+ years of professional experience
- BS, Civil Engineering Technology, Rochester Institute of Technology, 1986
- AAS Civil Engineering Technology, Alfred State College, 1983

Frank Dahar has excellent experience in highway, bridge, and municipal projects which have included design of highway alignments, pavement sections, drainage systems and maintenance and protection of traffic during construction. His experience includes: utility relocation/coordination, sanitary and storm sewer design, detailed hydraulic analysis of culverts and bridges, and preparation of construction plans, specifications and estimates. His construction inspection experience includes oversight of contractor activities.

He is active in:

- American Society of Civil Engineers (ASCE)
- NYS Association of Transportation Engineers (NYSATE)
- American Council of Engineering Companies (ACEC Maine)
- Maine Better Transportation Association (MBTA)
