BIOGRAPHY

- Specialty: Geospatial Data, Surveying and Mapping
- Licensed Professional Surveyor and Mapper in Florida and New York
- LEED Green Associate
- 29 years of professional mapping experience
- AAS, Civil Engineering, Monroe Community College, 1983

Serving as the Corporate Manager for Geospatial/Survey for Erdman Anthony, Bryan Merritt has extensive experience in generating 3-D mapping and laser mapping and obtaining aerial photography. He serves as the Contract Manager for all major survey and mapping projects. His expertise also includes management of GPS surveys and data gathering via electronic total stations with electronic data collectors. He is the recipient of the Meritorious Service Award from the New York State Association of Professional Land Surveyors (NYSAPLS) and co-author of a book focused on the critical issues of state boundary law. Bryan is also co-founder and VP of the United States Institute of Building Documentation (USIBD) and serves on the Geomatics Advisory Council at Florida Atlantic University. He is actively involved in the Society of American Military Engineers, Florida Surveying and Mapping Society, and NYSAPLS.
