- Licensed Professional Engineer in Pennsylvania, Maryland, Maine, and Virginia
- 30+ years of professional experience
- MS, Civil Engineering, Cornell University, 1984
- BS, Civil Engineering, Villanova University, 1980

Bernie Zimmovan has worked with a variety of state agencies in the U.S., including departments of transportation throughout the Northeast, Mid-Atlantic, and Midwest. He has provided and managed structural design for a wide range of transportation projects, ranging from both highway and railroad bridges to retaining walls and other transportation-related structures. His experience with structures of varied sizes and configurations includes preliminary design studies, inspection, alternative design analysis, construction staging evaluations, rehabilitation, and design.
