As Erdman Anthony's Construction Services Core Business Leader, Noel Caron is responsible for leveraging the firm's Pennsylvania, New York, and Florida construction capabilities. His background includes construction, engineering, and legal experience acquired while working with governmental agencies, engineering firms, contractors, and in the legal industry. Presently, he works as a construction Project Manager/Engineer on transportation projects for both PennDOT and the Pennsylvania Turnpike Commission. He has also worked as a civil and transportation design engineer, as a construction engineer for a nationally ranked civil contractor, and as a construction attorney in private practice, focusing on construction contracts and litigation matters in all stages of construction. He holds a master's degree in civil engineering from Pennsylvania State University and a Juris Doctor Magna Cum Laude from Widener University School of Law.
